

More Gobbledygook at PLoS Blogs

Martin Fenner, Gobbledygook

November 3, 2010

Thanks to a lot of hard work both at **Nature Network** and here at **PLoS Blogs**, all blog posts and comments from my former blog at Nature Network (August 2007 to August 2010) are now also available here. Special thanks go to Lou Woudley and Brian Mossop who made all this happen. There are of course a few formatting glitches here and there, but I will try to fix them over time.
