

# Zotero 3.0 Released

Martin Fenner, Gobbledygook

January 31, 2012

Zotero 3.0 was officially released today. The big change in version 3.0 of the reference manager is a standalone version that runs outside the Firefox browser. The first beta was released in August 2011.

The logo for Zotero, featuring a large, bold, red lowercase 'z' followed by the word 'otero' in a dark grey, sans-serif font.
